Referendums set for Dec. 10

Voters to decide on fire station

Special elections will be held in Antioch village and township on Saturday, Dec. 10, to let voters decide whether new fire department and rescue squad headquarters should be built.

THE FIRST FIRE PROTECTION District, which includes all of Antioch township, except the village and the area west of the Fox River, has agreed that the safety building should be a 50-50 venture ... in other words, the district would contribute half of the cost of construction and future operation, going into partnership with the village.

"The thing that convinced us," said Ray Atwood, one of the fire district's trustees, "was the engineer's report that showed how inadequate the present fire station is." For one thing, the floors aren't sturdy enough to safely hold the fire trucks.

Each taxing body is seeking a bond issue in the amount of \$650,000. The building, which would be constructed at the corner of Orchard St. and Turner Drive, is expected to cost about \$1.3 million.

Letter from Fire Chief appears on page 4

The polls will be open from 6 a.m. until 6 p.m. on Dec. 10. Detailed information on voting and polling places appear in the legal advertisements on page 19.

PRIOR TO 1934 the Antioch Fire department was a private organization, serving the entire area. In 1934 the First Fire Protection District was voted into existence with only two negative votes.

Since the district had no equipment or manpower, it contracted with the fire department for service.

In 1936 the village of Antioch "bought" the fire department for \$1. The fire protection district has retained its contract for service, paying certain expenses and furnishing equipment, but not personnel.

Village ordinances specify that members of the fire department must live within the village limits. For one thing, this insures that the 50 volunteer members are all close to the fire station when needed.

"The relationship has been a good one over the years," said Fire Chief Charles (Tod) Maplethorpe. "There has been no squabbling over the use of equipment or service. It has been available to anyone who needs it."

Open House Sunday at new Town Hall

Antioch's new township hall on Rte. 173 will be displayed to the public on Sunday, Nov. 20, when Supervisor Jim Fields and former supervisor Lloyd (Red) Murrie are hosts at an "open house."

The event will be held from 1 to 4 p.m. and "Everyone in the township is invited," Fields said.

Hors d'oeuvres and coffee will be served.

"We want people to see what we have," said Fields, referring to the neat, new building in which township officials now conduct their business.

FIELDS WAS ELECTED Antioch Township supervisor last April when Murrie stepped down after 22 years in the post. Fields also is captain of the Antioch Rescue Squad.

The new town hall is on Rte. 173, east of Hy. 83.

Township officials expected to be on hand to greet visitors include Llewellyn Van Patten, town clerk; R.G. (Bud) Holtz, assessor; Blaine Ring, highway commis-

51 YEARS YOUNG - the former First National Bank building, which opened in 1926, is now the "Left Bank," a completely renovated store featuring clothes for young ladies. It is a division of Barnstables department store, which is across the street at Lake and Main. After the First National Bank moved out in 1966, the building became the home of the Antioch Mental Health Association "Thrift Shop." When the Thrift Shop moved recently it was purchased by Don Peterson, owner of Barnstables. (More pictures on pages 10 and 11.)

Trustees take over sign law

Members of the Antioch village board voted 5-2 Monday night to take the sign ordinance out of the hands of the zoning board of appeals.

The village board had made the petition and, last Thursday, the zoning voted 4-0 to deny that petition.

Mayor Michael J. Haley said he felt the procedure for making decisions on signs was too cumbersome. Now those decisions will be made by the village trustees.

Haley was opposed on the issue by trustee

Donald H. Amundsen, who had helped develop the sign ordinance when he was on the village planning commission and zoning board. Amundsen felt that hearings before the zoning board gave the public more time to become aware of plans to construct signs.

IN MONDAY NIGHT'S voting, Amundsen and trustee J. Irving Walsh cast the "no" votes.

sioner, and the four trustees: Rudy Eckert, Irving W. Carey, Homer LaPlant and David Heath.

A COMMUNITY MEETING ROOM is one of the advantages of the new building. Large windows, from ceiling to floor, are outstanding features of the meeting room as well as the offices of the supervisor, assessor and clerk.

About 22 years ago when Murrie was elected supervisor the township leased a service station for its headquarters. In 1965 the office was moved to the village hall complex on Main St., and now it serves more than 14,000 people in its new building.

The Lake County Township Officials Association will hold its November meeting at the Antioch town hall at 8 p.m. Thursday.

Shopping Spree begins in Antioch

The "Shopping Spree" sponsored by the Antioch Chamber of Commerce & Industry retail group is underway.

Shoppers can fill out registration blanks at any of the participating stores until next Tuesday, Nov. 22. There is no purchase necessary.

There will be a \$10 gift certificate winner at each store in addition to three grand prize winners.

Look for the yellow posters in store windows. They indicate the participating merchants. (See the advertisement on page 7.)

The Shopping Spree began today. Winners will be chosen Wednesday, Nov. 23.

THE CHAMBER of Commerce has also arranged for Santa's arrival at 12 noon on Saturday, Nov. 26. He will visit with children of all ages at White's Ice Cream Parlor from 12:30 to 5:30 p.m. after touring the town on a fire truck.

There also will be a free movie for children on Monday, Dec. 5, at 7:30 p.m. after the community Christmas festivities.

"More information on this event will be announced next week," said Nancy M. Kinas, the Chamber's new executive secretary.

A lack of confidence in area business conditions, perhaps triggered by recent unfavorable economic news, caused north suburban consumer sentiment to plunge in the Chicago Continental Bank's latest family financial survey.

The Antioch area was included in the survey, in which only three out of 10 (31 percent) of the north suburban residents polled said they think future business conditions in the area will be better one year from now. That's a sharp drop from the 45 percent who said "better" when the survey was last taken in July.

Similarly, less than one fifth (19 percent) said they think present business conditions are better now than a year ago, compared to a 41 percent response last July.

J.P. VENTURA, Continental's family economics analyst and survey coordinator, said:

"The stock market performance over the last quarter has been disappointing. The rate of gain in production levels has slowed.

"Also, the percentage of those unemployed seems to have flattened out at a still unacceptable level, and recent reports about layoffs and possible plant shutdowns in Chicago may also have colored consumer impressions.

Additional survey highlights for north suburbanites included:

INCOME:

== Nearly one third (32 percent) said their family finances are better now when compared to a year ago.

== When asked about family income, four out of 10 said their income is more now than a year ago.

Fire Chief explains need for new facility

To the citizens of the village of Antioch and the First Fire Protection District:

On Dec. 10 you are going to be asked to support a joint undertaking by the First Fire Protection District and the village of Antioch to construct a new Rescue Squad and Fire Department facility. In the preliminary planning of this facility, we have tried to provide for the continuation of quality emergency medical and fire services for you.

WHY IS THIS BUILDING NECESSARY?

1. The present structure is not expandable and presently does not allow us to house all the equipment in one building. The Rescue Squad is also limited in the size and type of equipment they may purchase.

2. The present structure is not designed for the weight of modern equipment and at an architect's suggestion, we are parking vehicles on steel plates to minimize the possibility of vehicles breaking through to the basement.

3. With the necessity of better training and fire prevention procedures, it is necessary to provide space to carry out these important functions.

WHY WAS THIS location selected?

The village of Antioch recently completed a fire protection survey by a fire protection engineer to indicate deficiencies in department operations and provide criteria for selection of a site for a station.

Based on his recommendations, property was sought geographically centered and close to high loss areas. These include the mercantile district, schools, churches, industrial property and apartment complexes.

After a search for property to meet these criteria, the property on Orchard St. and Turner Drive was selected and purchased.

DRAWINGS AND INFORMATION will be available at the various financial institutions and village offices. I will be available to answer questions or to present information at meetings, etc. Feel free to call daytimes at 395-1881 or evenings at 395-2240. Also, Mrs. Stierbeitz, the village clerk, would be happy to answer questions at 395-1000.

We hope to have your support in this undertaking.

Charles P. Mablehorpe, Chief
Antioch Fire Dept. & First Fire District

says new fire, rescue building is needed

Dear Sir:

With the prospects of a new safety building in the near future, the local residents by now are aware through the news media, that such a plan can only succeed through their cooperation: a referendum from the voters.

Yes, I know, the very word referendum, sometimes takes on an ominous sound, but when there's no other choice, that's it.

But first consider the end results. The present firehouse facility has had it. It's too small, unsafe and inadequate for our sophisticated equipment.

Since the First Fire Protection District of Antioch has proposed equal sharing with the village the costs of the safety building (a 50-50 deal) the tax rate on the property owners would be spread out to such an extent as to become minimal.

No need for any anxiety. We have a fire department and a rescue squad to be proud of and their splendid reputation is known throughout Lake County.

WHEN YOUR HOME is burning, or a loved one is in dire straits, how grateful you are for their quick response.

These are the unsung heroes who "never sleep," always alert and ready to save our property or our lives.

The least, then, that we recipients of this constant courtesy can do to show our appreciation and respect is to house them in proper quarters befitting their standards. They ask so little in return.

The new safety building will do just that!

PERHAPS A LETTER of this nature wasn't even necessary, as most of you must feel as I do.

However, be sure to make these feelings evident by voting a definite "yes."

Let's aid in giving Antioch a facility we can all take pride in.

Personal Income Increase Eroded

Most Americans are aware that government spending has skyrocketed in recent years, but what many don't realize is how that growth has affected their income. According to Paul McCracken, a former chairman of the President's Council of Economic Advisors, 42 per cent of the increase in personal income of the past five years has been eaten up by the rise in spending at all levels of government.

Tucker won't seek re-election

Lake County Treasurer Lawrence Tucker has announced that he will not be a candidate for re-election in 1979.

Tucker said he has been offered an excellent position in the private sector, and feels he can't refuse.

Tucker said he will continue to support the Republican Party and its candidates for office.

Tucker has spent 20 years in public office, beginning as a temporary clerk in 1959. He served under five different treasurers and was appointed treasurer in January 1974.

Upon the death of Robert Skidmore, he was elected to his present term of office in November of 1974.

CLC offers racquetball and other new classes

In response to increased interest in "lifetime" sports, the College of Lake County has enlarged its spring offering of recreational activities.

Participating students can earn college credit as well as learn the fundamentals of racquetball, cross-country skiing and jogging for women.

In addition, a special eight-week class on "slimnastics" for women will begin Jan. 16. To be held on Monday and Wednesday afternoons, the class offers women an opportunity to lose pounds and gain one-half semester hour of college credit.

Three classes of racquetball will be offered for eight weeks at the Hawthorn Racquetball Club in Mundelein, beginning the week of Jan. 16.

MUSIC STUDENTS at the college are presenting two concerts as a culmination of their classroom studies.

On Thursday the jazz ensemble, under the direction of CLC's band director, Bruce Mack, brings back the big-band era with the music of Stan Kenton, Les Hooper and Maynard Ferguson.

The free performance begins at 8 p.m. in the student center of building 1.

Appearing with the jazz ensemble will be Ken Ferrantino, trumpet specialist who

has participated with name bands.

On Sunday a variety of music, including popular and classical selections, will be performed by the College's symphonic wind ensemble. The free public concert will begin at 3 p.m. in the Orange Court of the main campus building.

THE FOURTH ANNUAL Madrigal Dinner is scheduled Dec. 2, 3 and 4 at 6:30 p.m. in the main campus building.

Guests will be treated to an evening of Elizabethan England. Music, dancing and acting of the 16th century will highlight the feast.

Ticket information can be obtained by calling the activities office at 223-6601, ext. 410.

APPOINTMENT-REGISTRATION for spring classes at the college will be held Nov. 28 through Dec. 8. Only district residents are eligible for early registration.

The first day to obtain an appointment for registration is Monday, Nov. 21, and all appointments must be scheduled through the admission office in the main campus building.

Spring classes begin Jan. 13. Copies of the schedule are being mailed to all Lake County residents.

50 YEARS AGO: NOVEMBER 17, 1927

The coming of the Public Service company's gas line into Antioch at an early date, perhaps before the close of this year, was the pleasing announcement made Monday evening before the Antioch Business Club, assembled at the Blue Willow Inn for the first club dinner since August 1.

Fire of unknown origin burned one of the two buildings and partially destroyed a second at the Smith's hotel property at Channel Lake last Thursday. The fire, which broke out at one thirty a.m. raged for three hours before firemen were able to check it and caused a loss estimated in the neighborhood of \$30,000.

A pleased customer is more to be desired than anything else. At least that has been the idea of Shultis and Son who recently were enabled, by a very peculiar circumstance, to satisfy a customer who ordinarily would have had to seek far to meet her needs. Some time ago a pair of ladies shoes shipped to the store were found to be defective in that one of the shoes was a size larger than the other. The shoes were set aside to await the coming of the factory representative who should replace them with a pair which would track the same. Last week a lady came into the store whose feet were the exact duplicates of the two shoes. She purchased them gladly and departed much elated that she had been able, with such ease to find shoes to fit her, and loud in her praise of the superior service that she had received.

Sale of the Coddington Hardware Co. store at Lake St. and Rte. 173 to Robert and Theodore Castoff, Chicago, was announced Monday by Mrs. Jane Coddington and the store manager, Edwin Runnfeldt.

The Coddington Hardware store was started six years ago by the late Robert Coddington and gained nation-wide attention because of its initial success as a store of this kind started in a rural area. It was the object of a visit by a delegation of hardware dealers from Denmark. The new owners have obtained an Ace franchise and will convert the establishment fully into the Ace type store.

Alfred and Robert Pedersen of Pedersen Brothers Implement Co. on Rte. 173 east of Rte. 45, recently appeared at a sales meeting of Massey-Harris Co. at Columbus, Ohio. More than 1,600 dealers attended the sales meeting in which it was announced that some of the Massey-Harris implements will hereafter bear the name of Massey-Ferguson, the result of the acquisition of another firm.

When he pried Blackie's mouth open to remove the wad, he found the Kileen High School ring with the initials, "H.L.A."

Ennis wrote to Kileen High School. The school discovered whose ring it was by the initials. Axline will have his ring soon and Blackie is due for a special reward. Everything's lost in the translation

By JERRY PFARR

Sometimes there is a breakdown in communications between parents and the people in charge of educating their children.

We have intercepted a series of memos passed along in a certain school recently, and now we know how messages get mixed up from the time they leave the desk of, say, a school superintendent, until they reach the parents.

You'll see what we mean when you read the following memos which, of course, are entirely authentic.

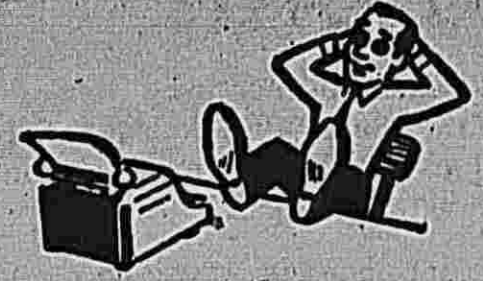

Nov. 3, a.m. - A School Superintendent told his Assistant Superintendent the following:

"Next Thursday, at 10:30 a.m. Halley's Comet will appear over this area. This is an event which occurs only once every 75 years. Call the school principals and have them assemble their teachers and classes on their athletic fields and explain this phenomenon to them. If it rains then cancel the day's observations and have the classes meet in the auditorium to see a film about the comet."

Nov. 4, p.m. - Assistant Superintendent to School Principals:

"By order of the Superintendent of Schools, next Thursday, at 10:30 Halley's Comet will appear over your athletic field. If it rains then cancel the day's classes and report to the auditorium with your teachers and students

the Pfarr Corner

where you will be shown a film, a phenomenal event which occurs only once every 75 years."

Nov. 7, a.m. - Principals to Teachers:

"By order of the phenomenal Superintendent of Schools, at 10:30 next Thursday Halley's Comet will appear in the auditorium. In case of rain over the athletic field, the superintendent will give another order, something which occurs once every 75 years."

Nov. 7, p.m. - Teachers to Students:

"Next Thursday at 10:30 the Superintendent of Schools will appear in our school auditorium with Halley's Comet, something which occurs every 75 years. If it rains the superintendent will cancel the comet and order us all out to our phenomenal athletic field."

Nov. 9 - Students to Parents:

"When it rains Thursday at 10:30 over the school athletic field the phenomenal 75 year old Superintendent of Schools will cancel all classes and appear before the whole school in the auditorium accompanied by Bill Haley and the Comets."

WE MUST POINT OUT, of course, that these memos certainly did not come out of any school in the Antioch area.

Wants 3-year teacher pacts

A bill that would call for three year contracts for all public school teachers has been introduced in the Illinois General Assembly.

The bill sponsored by State Representative Ron Griesheimer (R-Waukegan) would mandate that in all cases where school teachers and school boards enter into collective bargaining agreements that the ultimate product of their negotiations would be a mandatory and binding three year contract.

Griesheimer said:

"Probably no issue in the public sector disturbs the average citizen more than the annual confrontations between school teachers and school boards in their respective communities.

"The destructive effect upon the educational system is

insurmountable. In some instances the long strikes which have ensued because of these incidents have caused students to be denied entrance into college for lack of high school credits.

"It would appear that the only way that we can work to try to stop this type of confrontation tactics is to mandate by law that upon negotiations through collective bargaining the result would at least produce a three-year harmony in any given school district."

"This would undoubtedly lead to the benefit of all of the school children in the state of Illinois," Griesheimer said. The bill will be considered by committee in the House of Representatives in January.

All about town ...

By LINDA WALKER

New shop in town. Herbert and Don DeRue have opened Fisherman's Dream at 402 Lake St.

They carry a complete line of quality seafood including fresh oysters, clams, lobster, smoked fish, and they also will feature a weekly fish special. An additional treat will be party trays made to order.

Their clean store hopes to fulfill the seafood lover's tastebuds, but if someone should have a special request, they will certainly try to obtain it.

Good luck to you, Herbert and Don. Antioch welcomes you.

The McFriendliest restaurant in town again has a treat in store of youngsters. Every Tuesday starting Nov. 22 Don Kenimer, "The Balloon Man," will be appearing at McDonald's in Antioch (428 Orchard St.). He will twist and tie colorful balloons to form all sorts of creatures.

You deserve a break today ... and Tuesday, also, to share in the fun.

DON AND NELLIE Peterson can finally take a breather. The private showing last Sunday of the Left Bank was a huge success. The junior ladies wear store is now open to the public with lots of spectacular garments and special grand opening prices.

All the hard work was worth it. Our hats off to both of you.

I WITNESSED A PERFECT example of "better safe than sorry" last week. A small fender bender accident took place and after all the bumping and crashing was over, the slightly-shaken passenger quickly fastened his

seat belt.

Obviously he didn't want to take any further chances.

THE FRONT OF THE new downtown mall is starting to take shape.

The Little Gallery has a new sign and bright striped awning. It really looks inviting.

King's Rexall Pharmacy also has a new sign at its new location on Main Street. Certainly is BIG and NEAT!

Wayne Vivirito and Jim Pisano, of King's, hope to be in their new shop the latter part of this week.

Oh, by the way, only 35 shopping days until Santa will visit your home. Better get on the ball.

The winners of the contest, publicized in the Antioch News the past two weeks, were announced Monday by the 18 participating merchants and businessmen.

The Town Crier

The Regional Transportation Authority (RTA) isn't terribly popular in some suburbs, so a public relations campaign is underway.

On Monday the RTA "kicked off" the revamping of its Waukegan-North Chicago bus system by paying Walter Payton and Bob Avellini of the Chicago Bears to come to Waukegan. Among other prizes, they gave out RTA sweatshirts.

Can you imagine a youngster walking down the street in Antioch wearing an RTA sweatshirt?

WE THOUGHT WE HAD heard all of history's worst jokes, then a fellow on Lake Street comes up with this one: "If athletes get athlete's foot, what do astronauts get? Missile-toes."

A STRANGER SAID to a young fellow, "You're a fine boy. I suppose you're going to grow up and be a man just like your father."

"Thanks for the compliment," the kid replied. "But that's what Mom is afraid of."

TWO MEN WERE crossing a farmer's field when an angry bull ran after them. They started to run as fast as they could, but they knew the bull would catch up with them. In despair, one cried, "Pray, John, pray!"

"I know only one prayer," answered John. "Here it is: 'Lord, for what we are about to receive, make us truly grateful.'"

A couple of heavyweights from that city are progressing in a Chicago amateur fisticuffs tournament. We wonder if the fellow who put the headline on that story had his tongue in his cheek when he wrote:

Hope to see you Sunday at the open house of the new Antioch Township headquarters on Rte. 173.

We toured the building last week and it's an ideal home for the township offices ... a real tribute to the years of service given to us by former township supervisor "Red" Murrie.

The open house is 1 to 4 p.m. Sunday. Jim Fields, the new township supervisor, invites us all.

THE READERS ALWAYS WRITE, and we're grateful for that.

Frances Lubeno, who formerly worked at Reeves Drugs, dropped us a line from Hayward, Wis., saying: "Keep up the good work - I enjoy keeping up with the News." Thanks, Frances ... by the way, Antioch misses you.

THE ANTIOCH LIONS CLUB meant to honor three charter members at the Saturday, Nov. 5; dinner-dance. But only Edmund Vos could make it. Irv Carey was at a Notre Dame game, naturally, and Jim Horan was in the hospital.

Mr. Vos received a gold belt buckle and a plaque. Mr. Carey and Mr. Horan will be honored at future meetings.

The dinner-dance at Andre's in Richmond, commemorating the club's 40th anniversary, was one of the most memorable evenings ever for Antioch's Lions.

DR. EDWARD ABDERHOLDEN had a nice birthday gift on Nov. 1. He went to Elgin to see his son, Ed, sworn-in as an attorney-at-law. Young Ed now is an assistant states attorney in Waukegan.

WE'D LIKE TO EXPRESS our sympathy to Earle Gibbs and his son William. Earle's wife, Genevieve, died last Thursday at the age of 73.

Ray Jessen told us that it was "Gen" who was the prime mover in the beginning of that fine women's clothing store in the Antioch Shopping Plaza, Gibbs and Jessen's "Carousel."

MR. AND MRS. AL SWENSON celebrated their 57th wedding anniversary on Oct. 25. Helping them celebrate was a small gathering of family and friends from Kenosha, Camp Lake, Gurnee and Antioch. Also attending were Rev. and Mrs. L.H. Messersmith from Fox Lake. Everyone enjoyed a lovely buffet dinner. Congrats!

WHEN THE COLD winds began to blow, Wally and Alice Johnson, former owners of Johnson's Petite Resort on Petite Lake, hooked up their travel trailer and began their annual migration south to warmer air and sunnier skies.

After a short stopover in Iowa City to visit their daughter, Chris, they left for Nogales, Ariz., where they will join a trailer caravan and participate in a 40-day tour of Mexico during December and January. They will spend Christmas in Mexico City and New Year's Eve in Acapulco. Ole!

Leafblad moves to FM station

Larry Leafblad, former program director of WKRS radio in Waukegan, has been named sales manager of WEEA-FM radio, also in Waukegan.

Leafblad has been in

LARRY LEAFBLAD

charge of special programs and public relations at WKRS, while moderating the "Lunchtime Show" handling afternoon traffic reports and anchoring the "Saturday Night Show" on Saturdays.

He started at WKRS in 1968. WEEA is a really important new challenge to him because it is a primary new factor in the advertising market in our area. I'm especially impressed with the knowledge of the station's new owner, Roger Kaplan, Leafblad said.

We're going to be building an impressive radio. Leafblad lives in Grayslake with his wife, Blaine, and three children. He also heads the Scotch Fiddlers musical group while owning Holiday Disco in Ingleside.

Thurber play opens Dec. 2

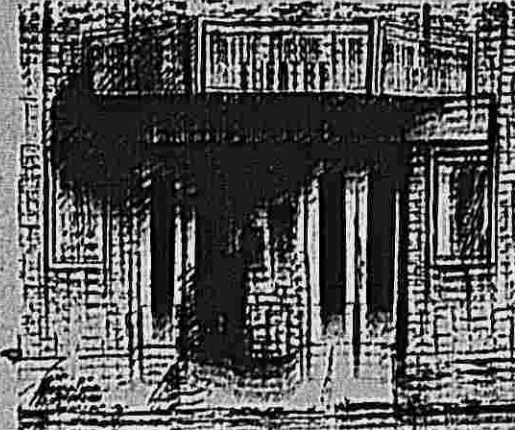

It has been a long time since a play by James Thurber has been presented by PW&L theater in Antioch. To be exact, but then, of course, Thurber never was exact. The last time was in 1965, when "A Thurber Carnival" delighted Antioch audiences.

In 1977, so, naturally, around Christmas time, PW&L will present another gentle and quixotic play from the pen of the widely-loved James Thurber. This holiday offering is "Many Moons." The original story has been dramatized by Charlotte B. Chorpentline and the PW&L production is directed by Don Beverlin, whom "as Thurber or Beverlin himself would say," Antioch audiences may remember from a few other plays.

"MANY MOONS" IS ABOUT a princess (played in the PW&L production by Donna Ruggless) who falls ill and cannot recover until somebody brings her the moon. Her father, the king (Jim Harty) is of course determined to get the moon for her.

We won't tell you here whether she gets the moon or not in the end, but we will reveal that it takes a lot of hard work by a lot of people, and they probably never would have made it without Thurber.

Others in the PW&L cast are Cynthia, played by Lisa DeBenedetto; the Royal Nurse, Debbie Jones; the Lord High Chamberlain, Art Lee; a real Royal Wizard, Scott Paul; his wife, Barbara; Lou Koenig, a mathematician;

John Woolner; a Jester, Dave Moffat; and a Goldsmith's daughter, Tracy Moffat.

All of these are little people with big talents, as Thurber no doubt intended. We should probably also tell you that this is a family show, which would probably be rated "G" even in Antioch.

A COUPLE OF THINGS about "Many Moons" are more or less definite. One has to do with the playdates, Dec. 2, 3, 8 and 10 at the PW&L Theater, 877 Main St. in Antioch. Curtain time is 7:30 p.m.

The other is that Thurber has a bad habit of being sold out every once in a while. So you had better call 395-8055 fairly far in advance for your reservations.

Remember, it has been a long time since James Thurber's last show in Antioch.

Spending

Continued from page 1

Nearly half (47 percent) of the north suburbanites indicated they will spend the same as last year for Christmas. 17 percent said more, and 30 percent said less. Three out of 10 respondents plan to spend between \$201 and \$300 for gifts.

Fifteen percent of those polled said they would use credit cards to purchase 26 to 50 percent of the items on their Christmas lists.

Among the items on their Christmas gift shopping lists, 13 percent plan to purchase clothing; 64 percent toys and games; 57 percent books; 40 percent gifts of money or jewelry; and 38 percent sports equipment.

Of those who plan to have a Christmas tree, nearly six out of 10 (59 percent) plan to buy a real tree. 11 percent will buy an artificial tree, and 29 percent will use an artificial tree already owned.

ON ENERGY

Because of our country's energy situation, almost half (46 percent) said they plan to fill back on electrical displays this year.

THE "LEFT BANK," a new fashion store for young ladies, opened this week at the corner of Lake and Main streets. It is an "extension" of Barnstables department store and is located in the former bank building which most recently housed the Thrift Shop. Above are manager Lillian Hunter and owner Don Peterson.

Sandra Waldweiler wed in Lake Villa

Renfield Jachimowski and his bride, the former Sandra Waldweiler, traveled to Hawaii for their honeymoon after they were married in the Church of the Holy Family in Lake Villa.

The Rev. Robert E. Brown heard the wedding vows

exchanged by the daughter of Mr. and Mrs. Peter Waldweiler of Antioch and the son of Mrs. Tedfield Jachimowski of Lake Forest and the late Dr. Jachimowski.

The bride's sister, Mrs. Barbara Wlezein of Antioch, served as matron of honor.

Reg Jachimowski of Lake Forest served his brother as best man. Diane Holem and Ronnie Madden were flower girl and ring bearer.

Thursday thru Sunday: 'Guys & Dolls' at ACHS

Something new is being tried with the Antioch High School production of "Guys and Dolls."

More performance days are being added to the production schedule (Thursday and Sunday) and a new curtain time is being tried (7:30 p.m.).

The extra days are to allow a double cast of leads "equal playing time" and to allow more choice to the audience as to which night they wish to attend during the busy pre-holiday time.

THE NEW CURTAIN TIME is designed to make the show more convenient for more people on all evenings, and to allow for a more reasonable "letting out" time on rights followed by school the next day.

"Guys and Dolls" promises to be one of the most exciting shows you have seen, no matter which cast you see, said Ken Smouse, director.

"So, tune yourself in for a tuneful evening, pick a night and come on out - you'll be very glad you did," he added.

"Don't forget this Thursday, Friday, Saturday and Sunday, Nov. 17, 18, 19 and 20, at the Antioch High School auditorium,

"Guys and Dolls." New curtain time - 7:30 p.m. Tickets available at the door and from members of the cast," Mr. Smouse said.

JENNY BEESE plays the role of Adelaide and Jim Bakula is Nathan Detroit in Antioch High School's production of "Guys and Dolls," opening Thursday at 7:30 p.m.

TWO OF THE CHORUS girls in "Guys and Dolls" are Tami Beck and Jeannie Lindgren, the popular musical will be presented at Antioch High School Thursday through Sunday with the curtain rising at 7:30 each evening. (Photos by Michael Ament.)

By FLORENCE PEDERSEN

The program "Portraits of Women at the Chicago Art Institute," presented by Helen Van Mell, was well received by members and guests of the Antioch Woman's Club last week.

Hostess committee for the meeting included Ruth Pickus, Frances LaPlant, Stephanie Holtz, Thelma Anderson, Mary Amundson, Helen Bayrd and LaVergne Newton. They served a variety of delicious desserts.

A special program, "The Treasures of Tutankhamun," is planned for the Monday, Nov. 21, meeting at 1 p.m. at

the First Bank of Antioch.

Through the courtesy of Hawthorn Center and the Field Museum, in cooperation with the Oriental Institute, 14 photographs depicting various aspects of the King Tut exhibit will be on display and Ann Connors will present her slides on the subject.

The photographs will be on display at the First Bank of Antioch on Tuesday, Nov. 22.

Another winning basketball season?

Sequoits expect to be contenders

Good news for Antioch High School basketball fans: "The varsity outlook is very bright," Coach Roger Andrews said.

The Sequoits have six lettermen returning and Andrews is optimistic because of "the team's experience, improved play, and added depth by a good junior group."

THE SEQUOITS WILL OPEN the season next Wednesday night, 8 o'clock, against Elgin Larkin in the annual Barrington Turkey Classic.

On Friday, Nov. 25, they will return to play Barrington at 8 p.m., and then will conclude the tournament against Cary-Grove at 6:30 p.m. on Saturday, Nov. 26. All games are at Barrington.

After that testing tournament the Sequoits will be ready for their conference opener on Friday, Dec. 2, at home against Warren.

Andrews considers Warren and Woodstock two of the favorites in the Northwest Suburban Conference. Both are in the North Division along with Antioch. Others in the division are Grant, Grayslake and Round Lake.

LAST YEAR'S ANTIOCH TEAM had the school's first losing basketball season in 10 years. The Sequoits were 7-9 in the conference and 10-16 overall.

But the starting lineup was loaded with juniors. Now, as experienced seniors, they will be joined on the varsity by juniors who had a 15-1 conference record as sophomores last winter.

The six returning lettermen are seniors Bill Dubek, 6 feet 4 inches tall; Brian Andrews, 6-2; Tim Huebner, 6-5; Tom Huebner, 6-1; Tracy Sodman, 6-3, and Dennis Korjenek, 5-8.

Dubek and Andrews made the 10-man all-conference

squad and, along with Tim Huebner, were last season's top Antioch scorers.

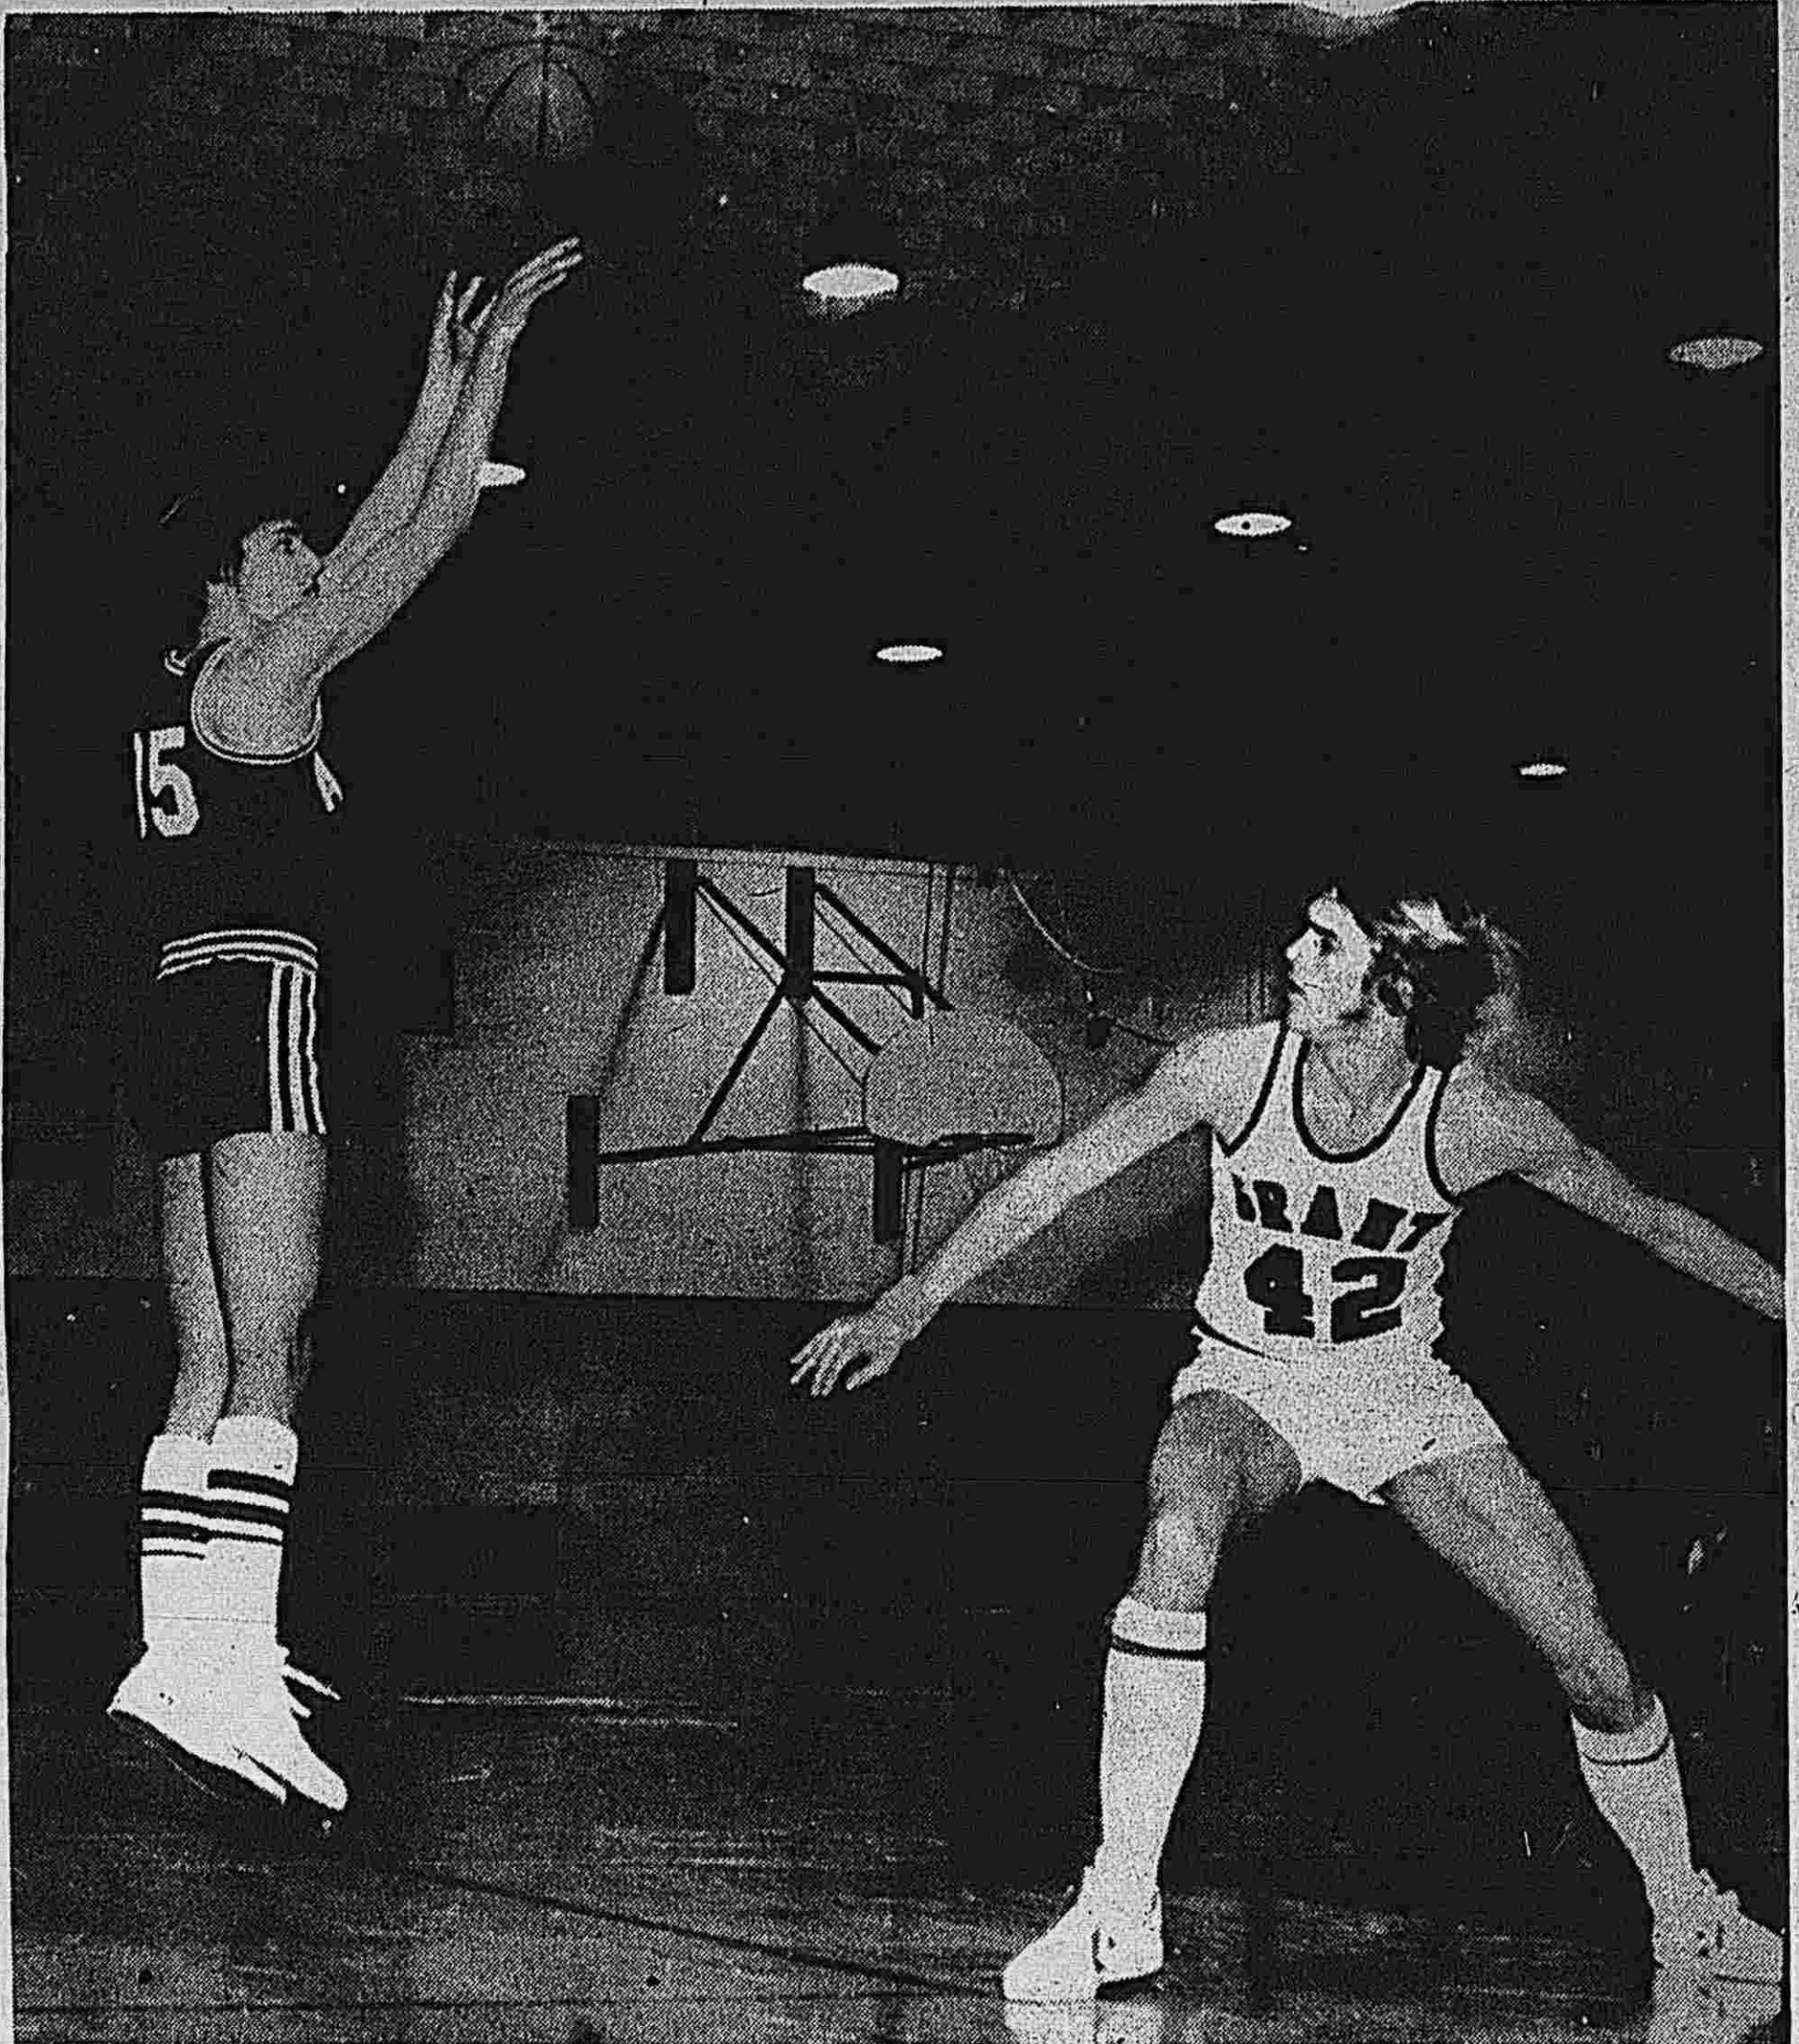

THIS MONTH COACH ANDREWS and his assistant, Jeff Dresser, had 32 players trying out for the varsity. A

squad of 10 seniors and eight juniors was selected.

The other four seniors are Greg Shanks, John Eder, Bill Stryzelecki and Tom Hughes.

The juniors are Roger Plechaty, Dave Gulowski, Rob Nauman, Pete Ploss, Roger Korjenek, Scott Gallagher, Bill Ranker and Chris Oddsen.

Hughes, Ploss and Oddsen are 6-4, an inch shorter than the team's tallest player, Tim Huebner.

Pheasant population is down this year

Hunters who participated in the opening of the pheasant season last weekend may have found that the ringneck is not as plentiful this fall as it was last year.

Richard E. Warner, a wildlife biologist, said that numbers of pheasants are down 40 to 60 percent from 1976 in the east-central counties, which are Illinois' prime pheasant range.

WARNER CITED CHANGES in farming practices as the major factor contributing to pheasant population declines.

As corn and soybean farming has expanded, particularly since the early 1960's, habitat important to the ringneck's reproductive and overwintering activities

has been largely eliminated.

The pheasant's diminished status in recent years was further aggravated last January when an unusually severe winter storm caused substantial losses of pheasants in many portions of the state.

THE PHEASANT SEASON this fall will extend through Jan. 15. The bag limit is set at two cocks per day.

Hunters should obtain permission from farm operators before going into a field.

Landowners desiring to establish cover for pheasants and other wildlife species are encouraged to contact their regional Department of Conservation office for helpful information.

TWO RECENT Antioch High School basketball stars, Mitch Witt and Mike Perrone, are members of the College of Lake County team this season. Witt was a member of

last year's CLC squad which had a 22-12 record. Perrone was Lake County's leading high school scorer when he averaged 20.5 points for Antioch in 1975.

ALL-CONFERENCE - Tom Huebner (left) and his brother, Tim, were the two Antioch football stars selected to the Northwest Suburban Conference all-star team by league coaches. Tom, 6-1 and 175 pounds, was named as a defensive lineman and Tim, 6-5 and 195 pounds, as an offensive end.

COMPLETE SERVICE FOR YOU AND YOUR FAMILY

Equality

I know that members of our staff get a little tired of hearing that "equality of service is the essential ingredient of our profession," but I believe that this point cannot be stressed often enough. For there is no more sensitive area of human relations than funeral service. At our establishment there necessarily will be differences in ultimate costs because of material things requested, but the same high level of service will prevail in any case.

Trustees to decide on signs

Continued from page 1

Voting "yes" were Haley and trustees Arnold W. Weber, Ronald J. Cunningham, Vern "Barney" Barnstable and Edgar Simonsen.

Amundsen objected to the removal of the sign section from the zoning board's ordinances, he said, because he felt if it were only a village ordinance it would eliminate the publication of notices of public hearings regarding the erection of a new sign. Also, he said, it would eliminate notification to the surrounding neighbors of an area in which a new sign might be erected.

He added that he felt the citizens should be aware of any and all new signs and types of signs that are to be erected in the village.

Haley said he felt the appeals process was too lengthy now because it has to go to the planning and zoning groups before it comes to the village board, which could be a time lag of as much as three months.

In other action, Barnstable moved that bids on the 1977 sidewalk program be withdrawn and re-bid in the spring. The program couldn't be completed this fall.

Committee meetings also were held Monday night.

Assistant police chief Chuck Miller said the erection of a three-way stop sign at Hillside and Alima Terrace "seems to have alleviated the problem of people negotiating the turn too fast and jumping the curb," thus driving across lawns.

The same problem exists on the south end of Hillside, Miller said. He suggested stop signs at Hillside and Blackman Terrace.

Walter Shepard, superintendent of public works, objected. He said "We've got about 15 stop signs up in that subdivision (Sequoia Terrace) already."

Shepard said the situation "only magnifies the need for another north-south street through town."

Trustee Ron Cunningham's safety committee will discuss Miller's request for stop signs at the south end of Hillside.
